

Kyler and I  
made a  
candy  
house.

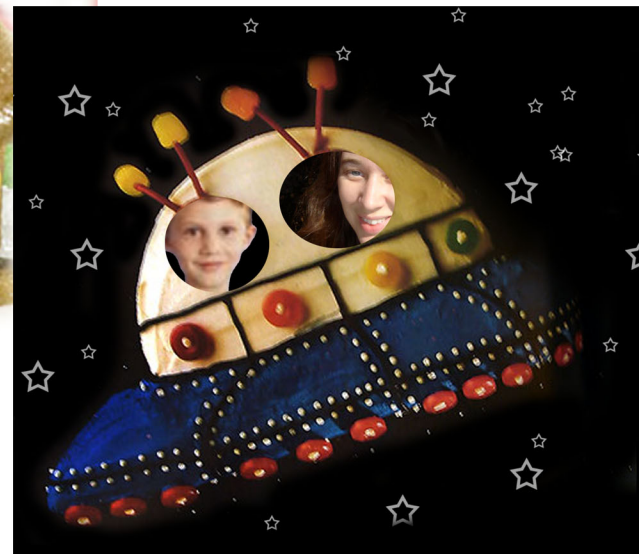

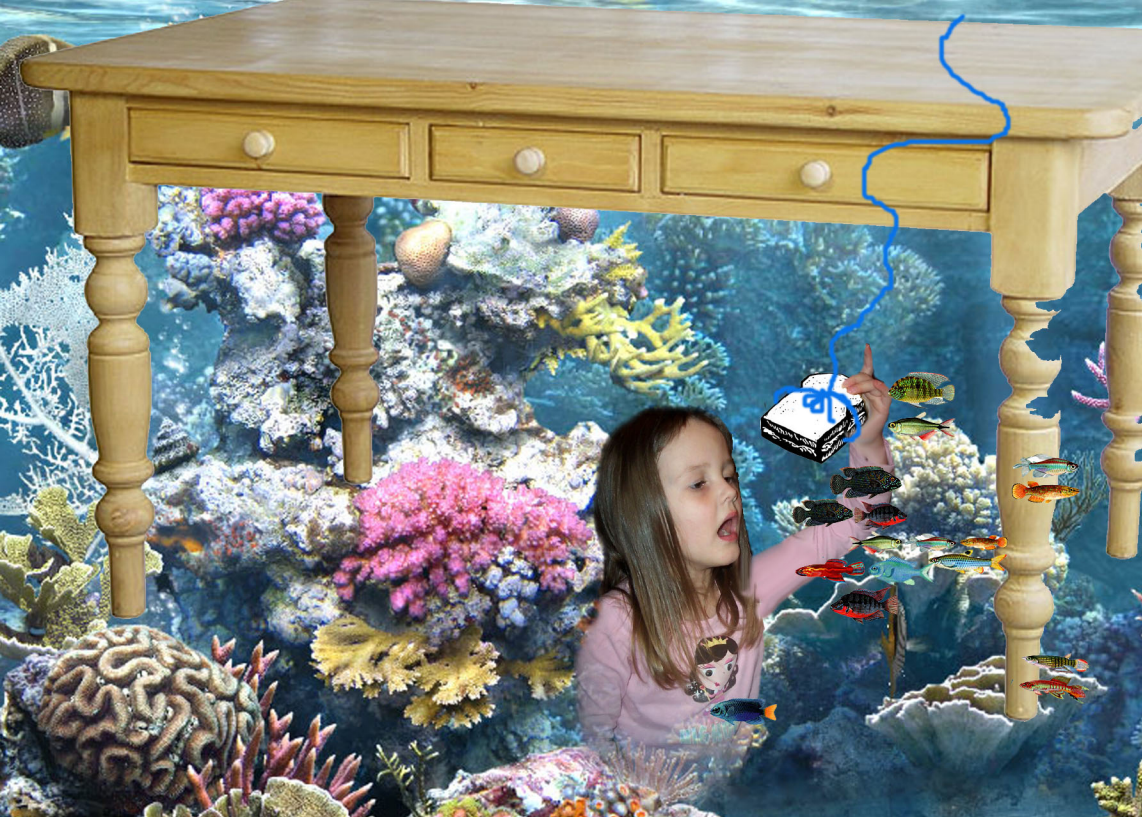

We even made  
candy animals.

We made a whole  
city out of candy!

Then we made a candy spaceship  
and flew into outer space! This is all true.

*When Jaden was  
very little  
she would pretend to be  
a little fish.  
She would swim  
under the table.  
I would feed the fish  
bits of bread,  
and sometimes  
I would go fishing  
and  
try to catch her  
with a string.*

*Once she actually turned  
into a real fish.*

*She swam around under the sea for almost a week,*

*This is all true.*

*She sent me a postcard from the Carribean Sea.*
